**Schedule D, Part IV, Line 2b - Mercy Corps is a custodial agent of donations received by Mercy Corps on behalf of a trust created for the benefit of a woman in Pakistan. The funds received are for her use and recorded as a liability on Mercy Corps' books.**

**Schedule D, Part X, Line 2 - Mercy Corps has been granted tax exempt status under Section 501(c)(3) of the Internal Revenue Code and corresponding sections of the state of Washington provisions as a publicly supported Organization, which is not a private foundation. Accounting principles generally accepted in the United States of America require Mercy Corps' management to evaluate tax positions taken by Mercy Corps and recognize a tax liability (or asset) if Mercy Corps has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service (IRS). Management has analyzed tax positions taken by Mercy Corps and has concluded that as of June 30, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of liability (or asset) or disclosure in the financial statements. Mercy Corps is subject to routine audits by taxing jurisdictions; however, there are currently no IRS audits for any tax periods in progress.**

## **Part V      Supplemental Information**

Provide the information required by Part I, line 2 (monitoring of funds); Part I, line 3, column (f) (accounting method; amounts of investments vs. expenditures per region); Part II, line 1 (accounting method); Part III (accounting method); and Part III, column (c) (estimated number of recipients), as applicable. Also complete this part to provide any additional information. See instructions.

Schedule F, Part I, Line 2 - Sub-grantees are selected either through a request for application process or included in program proposal designed based on the sub-grantees technical merits and cost criteria included in the program description. All sub-recipients are issued a sub-grant agreement which outlines the approved program description, approved budget, reporting requirements and relevant regulations. Prior to issuing a sub-grant agreement, the frequency of financial and programmatic reporting and level of supporting documentation to submit is determined, depending on the size and sophistication of the sub-grant/sub-recipient and their experience with prime donor funding. The finance department will review the financial reports against the approved budget and regulation to confirm that expenditures are allowable. Generally, for smaller, first time recipients, copies or originals of supporting documentation are submitted and reviewed in-country by the finance department. For mid-size sub-grants familiar with MC and donor requirements, managers will do periodic site visit to audit the supporting documents against the financial reports. For larger sub-grants, mostly other US-based organizations, finance managers review their A-133 audits and retain the right to access their financial records. The financial report must then be reviewed by the department responsible for the programmatic aspects of the sub-recipient to ensure that the sub-recipient is performing the activities per the sub-grant agreement.

	Humanitarian assistance-recovery: Mercy Corps bridged the gap between short-term relief and long-term recovery after emergencies by restoring livelihoods, rebuilding local economies and preparing communities for future crises. We continued our efforts to help Liberian families get back on their feet after the Ebola virus, connecting more than 180,000 people to \$7.2 million in cash and voucher distributions. In Greece, Mercy Corps is responsible for roughly 25 percent of all cash programming among refugees, distributing around \$715,000 each month. We also emerged as a leader in cash-transfer programming for humanitarian response in the Democratic Republic of Congo, where we connected over 100,000 conflict-affected people to emergency cash assistance so they could meet immediate basic needs.	28,481,150	6,196,616	12,130
	Health: Mercy Corps supported healthy families around the world, connecting more than 1.3 million people to clean water and educating more than 1 million people on proper hygiene practices. We improved the health and wellness of more than 520,000 mothers and children through resources such as malnutrition screenings, healthy cooking classes and the promotion of exclusive breastfeeding. In Uganda, we constructed 13 community-level health facilities that have increased access to improved health services for 80,000 households, reducing the distance women have to travel to attend antenatal care visits and deliver their babies in a safe setting.	23,193,682	5,914,214	19,531
